### **DETAILED ACTION**

This office action is in response to the amendment and remarks filed 12/27/05. Examiner has approved the drawings filed along with this amendment.

#### ***Allowable Subject Matter***

1. Claims 1-16 and 18-22 are allowed.

With respect to claim 1, the following is an examiner's statement of reasons for allowance: the prior art of record neither discloses nor makes obvious the combination set forth in the independent claims, and especially does not show "*a direct drive means coupled to said axial shaft of said pump rotor for rotating said pump rotor, wherein said rotation of said pump rotor within said pump stator forms a plurality of cavities, said cavities carrying blood forward through said pump housing from said inlet to said outlet as said motor drives said direct drive means*", in combination with the other claim limitations.

Allowable claim 18 has been re-written in independent form. Thus, the claim is now allowable.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
